Subject: Draft Community Involvement Plan

Don,

I have reviewed the draft Community Involvement Plan, and my comments follow. I am copying Snehal in the event she wants to share with other CAC members.

Page 5, first line: I think the reference should be to "Champions Papers, Inc.'s Pasadena paper mill"

Page 6, third line: I think more explanation is needed regarding permits and the area of concern so that the meaning and significance are clear.

Page 11, last line: I think the reference to "postings among waterway users" is confusing. Should the reference be instead to "signage"?

Page 12, last line: Why not be more specific about the areas of interest expressed to date; that is, signs, contamination of groundwater, contamination of residential properties, more advanced notice of meetings, etc.?

Page 13, last line: The meaning of "based on previous experience at this location" is unclear-what is this language referring to?

I won't bother you with the typos and such, but just to let you know, proofing is needed! Thanks for your patience.

Linda Henry
